Thank you for your email of 31 July 2026 to Oranga Tamariki—Ministry for Children (Oranga Tamariki), requesting statistics relating to Reports of Concern. Your request has been considered under the Official Information Act 1982 (the Act).

You have requested:

1. *The total number of tamariki with reports of concern by Oranga Tamariki region and site for the 2003/4 to 2025/6 (or most recent available) financial years.*
2. *The number of distinct tamariki with further action required after care and protection reports of concern by Oranga Tamariki region, site, and ethnicity group for the 2003/4 to 2025/6 (or most recent available) financial years.*
3. *The number of substantiated findings of abuse, non-abuse and no findings by Oranga Tamariki region, site, finding category and type for the 2003/4 to 2025/6 (or most recent available) financial years.*
4. *The total and distinct number of tamariki with reports of concern and reports of concern requiring further action by notifier group for the 2003/4 to 2025/6 (or most recent available) financial years.*

Please find attached as Appendix One a spreadsheet containing the requested information. Please note, per the “Substantiated Findings” caveat on the Notes sheet of the attached, that providing information prior to July 2015 for part three of your request above would require a substantial manual collation. As such, information has been provided for this part of your request from July 2015 onwards.

Data relevant to each part of your request above has been provided on separate sheets in the attached appendix, which are titled accordingly.

Please be advised that, per advice from Statistics New Zealand, any data points with a value of 5 or fewer have been suppressed under section 9(2)(a) of the Act, to protect the privacy of natural persons. These cells are marked with an **S**.

Oranga Tamariki may make the information contained in this letter available to the public by publishing this on our website with your personal details removed.

I trust you find this information useful. If you wish to discuss this response with us, please feel free to contact [OIA\\_Requests@ot.govt.nz](mailto:OIA_Requests@ot.govt.nz). Alternatively, you are advised of your right to also raise any concerns with the Office of the Ombudsman. Information about this is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or by contacting them on 0800 802 602.

| <b>Notes/caveats:</b> | Operational Data                                                                                       | This data is operational and reflects real-time or near-real-time information captured from live systems and processes. It is subject to frequent updates and may change as new events occur or existing records are modified.                                                                                                                                          |
|                       | Substantiated Findings                                                                                 | Clients may have multiple findings with multiple outcomes. As such, the 'Allegation not Found' column should be treated with care - a client may have three allegation in one report of concern, where one is substantiated and two others are not found, for instance. Likewise multiple clients may be involved in one report of concern, and have separate findings. |
|                       | Substantiated Findings                                                                                 | Regular reporting on this only goes back to July 2015 and a custom piece for 2003 - JUN2015 would require substantial work. As such, we have opted to provide JUL2015 onwards.                                                                                                                                                                                          |
